

Lemurian Original Timeline Ops

Original: Pele speaking. 7/12/09, 1:31 AM:

I am sending this short note to you as there is an operation soon that clears the way for the return of the original Lemurian timeline, not the old one, but an original that is now active, and one that I sense which Mark, Beth, and Kau'ila had direct involvement with.

This operation begins with a trip to Hawaii and beyond, to a sacred place near the northernmost tip of the island, called Pololu (literally, long spear). Earlier within this past year, Kau'ila placed a piece of lava from Kilauea near Halemaumau that is no longer accessible to visitors. It connected to another much larger piece of lava that was obtained from the same area, but returned to a face of the Kilauea caldera which faced the crater of Halemaumau, my home.

An energetic connection was established between the Lemurian Hall of Records and the akasha of the Hawaiian people. It has remained in guarded mode, silenced if you will, but actively channeling information. Now a call has gone out to devics from the new Lemurian timeline just established, who are gathering to bring forth the *new Hawaiian Monarch Twin-Flame-Dome* (and a cute way to say it is the KingQueenDom, or QueenKingdom, see what we mean?). Once this is established, the Lemurian aspect of this *Higher dimensional line* will arise.

This one [Kau'ila] will follow my Guidance to activate each end of this connection. We know his love for Us and for traveling this island, so we want him to find the piece points again to allow us to fully activate the connection. He has no idea what he is getting into (Hah!!)

As he plays his part traveling from the North point to South point, then to Kilauea, we would ask for a holding space from each of you, for the most part. When you feel drawn to the Hawaiian Island, called Big Island, we thank you for closing your eyes and following our lead, and contributing your instantaneously-understood tasks for this project.

If you ask when is the date, we can only repeat the Admiral and Captain..."No Dates...No Nukes..." and no lava either [smile]. I will be your Guide for most of this project, but will be calling some of those you work with to assist where needed.

Aloha, Love, and Peace, Pele/Kau'ila

First notes made:

Today up to Pololu Valley. Several craft, one at each stage. Opening of connecting portal to Australia/South Point. At the end, a rainbow. Then at night, saw star craft change positions and shapes while on phone with Mark and Beth. More to come. Jesus and Mary Magdalene.

The guidance was to leave at 2 PM. Pololu Valley, at the north tip of the island, was my objective. It is home to a stunning black sand beach, where Kamehameha I (first Hawaiian king of all islands) learned to surf and bodysurf. There was a connection to be made with a special circular piece of lava I had left there about one year ago, which was energetically joined to another larger triangular piece, now at Kilauea, facing Halema'oma'u. This connection was to be upgraded.

I Saw some craft along the way and a rainbow which indicated all is in Divine order.

After seeing two lovers kissing passionately, I walked down to the beach. I built, with sticks, a 3-sided triangular pyramid over a lau hala (leaf) wrapped stone, for protection and connection to Pele's essence before I walked down the trail to the beach.

Arriving at the beach, I ran up and down. Finally guided to move into the surf, up to about my knees to waist.

Ended up facing SW, towards Australia for this process. As it turns out, as I saw when standing in the ocean SW, this op was also to assist in *opening an energetic channel to Australia*, which in turn activated fully "the Lemurian aspect of this Higher dimensional line" of the Hawaiian Queen Kingdom. Pele and Madame X created a clear channel to Australia, activating the line.

After the op, one of Lord Ashtar's ships was seen on the horizon. Pele was happy.

Returning up the trail to the beach, a young blonde crystal child came up and asked me, "What are those signs?" I read them and one was about the monk seals. Lady Beth mentioned later the sea lions were to assist in the Lion's Gate opening.

On the way back, over the Kohala Mountains, Ke Tar Tek's cruiser was spotted by me, with a huge shuttle craft in formation. Mark confirmed this. Wow! Then I went on top of

the Kohala Mountain range which is about 5000ft up, I called Mark and Beth. As we spoke, I saw the stars rearranging themselves. They First became a cube, then a human figure, then other shapes . Changing, changing, changing! So heart felt and Very high joy vibrations after this. This was a set up for the remainder of the operations. They really wanted us to be on a high level state for the rest of the operations.

Traveled to South Point. As I moved around the South Point area, all was cloudy except at horizons. I could see and sense the presence of thousands of ships, some visible, some not. Ka Tar Tek & Tek Ra's ships were there. A real convention! I sensed Mother [Sekhmet] was there also.

Guided to SW facing cliff 60 feet over water. The vortex was close to that point. There was nothing happening for several minutes. I was informed that all I was there to do was to hold the space for Pele, Metatron, and crews, to do their things. My feet were on a rock step upon which were scattered a lot of small shell and/or coral pieces.

The first thing I was shown was Metatron. Metatron, Metatron, Metatron, Metatron was all I saw. Suddenly a huge vortex appeared out of the water, partly under the water, yellow gold in color. After a short time I could see old ships, like the 3-4 masted kind of old, and other ships and transportation methods from the past, all going in to the vortex. They were NOT coming out.

Cars, buses, trains, ships, all using the old polluting means of propulsion, or otherwise involved in desecrating the Mother Gaia. Almost all types of these vehicles were seen going in, except for Polynesian ships like the ones that travelled to Japan, such as outriggers and double hulled boats of the same kind as the Hokuli'a.

After that followed service manuals, gas cans, oil cans, plastic bottles with all those fluids used for these vehicles. More and more and more and more went in. All corporations, companies, small business, people, concepts, ideas, anything connected with harming or ignoring the desires of Mother Gaia and her twin flame, Vywamus.

Then I saw who was at the bottom of the vortex... It was Pele, head and belly above water, the rest of her body below the water. The vortex bottom went into her power center, 3rd chakra, and everything going in was eliminated (burned up, as is her style), never to return.

At one point as this was happening, I saw two holes of light show up, like eyes, with short beams of light coming from them, and a cat-like ET face. This was Mother sending her blessings, smiling on us all. Somewhere in here that big ship of whomever it was showed up [SB: unsure whether it was the New Jerusalem or Mother's ship].

The vortex had finished its work, and Kau'ila, with Gaia and Vywamus, put in his key. The yellow gold vortex turned green, meaning the greening of the grids was complete. No more harm to Gaia, but rather honor, respect, and love.

Next Mark with Michael inserted his key. The vortex became ocean blue. No more harm to the oceans. Ocean blue grids established upon the entire planet for honor, respect, and nourishment of the oceans.

Finally, Lady Beth, with Sananda and Mary Magdalene, inserted her key. The vortex turned pink, with platinum highlights, and a bright platinum ring around the top. Also, the vortex, at the bottom, narrowed a lot. Only Love is allowed into Gaia now with Vywamus at her side. Only loving processes, "things", concepts, thoughts, ideas - only loving, nourishing, refreshing.

Our work here was done, except for the magnificent celebration that continued on through the night!

Afterward it was clear that the next step was to move on to Kilauea and allow Pele to clean up any small 'bits' that tried to escape the vortex. I saw just a few that flew over to Kilauea to try to get away. All Pele had to say was, "No way!"

So at 8:59 PM, I drove off towards Kilauea.

Later I took a nap, and all I recall is being in a place where there was some fear or uncertainty. I called out, "Tom, Tom..." I was calling Tom the Ring-tailed cat [a galactic-human Paschat, having feline features]. Not sure why. Later, I sensed I was asking for his protection.

Wednesday, July 15, 2009

Went down Mauna Loa road at about midnight. I was directed to get out of my car at the small rest camp that is there, and look at the sky. Sky was completely clear and the Milky Way spanned it. One bright star shone. As I watched, it grew sprites, or spikes, of light. No other star appeared that way.

I saw the Sirian presence, and the presence of the one whom some call, "the Sirian Commander." Twinkling he was, twinkling at all of us. Along side was Lady Beth.

At around midnight or 1 AM, I went to sleep in my car. We had designated ops time to be 3 AM HST, but I woke up at 4:04 AM. I did not remember anything, except I knew I/ we had been "opping." I knew I needed to go to Kilauea, to the Jaggar Observatory, where Halema'uma'u can be viewed. Stayed in my car all night, until 6 AM. When I woke up, I saw the outline of Ka Tar Tek's ship.

Honestly, at the time, I did not know if I did anything at all there. But then I remembered that this was Pele's op, and she was doing almost all the clearing. Beth and Mark were assisting more than I, I sensed, as well as Madam X. I was there to hold the space, sleep the body, prepare for a wonderful buffet breakfast at the Volcano House, and write this up.

After, I went to Hilo for some coffee and to upload some videos. When I came back around the top of the island, I stopped at Hapuna Beach, ostensibly to get in the ocean and rest and cleanse from the ops. To my (non)surprise, as I was running, walking on the beach, I saw two large cruisers appear. One I sensed was again Ka Tar Tek's ship; the other, Mother's. Mother's was on top with a face just like that of a loving mother. I was flooded with emotion, of thanks and gratitude at their recognition of the success of our ops. Later I saw another ship join them.

Summary

All objectives of the op were achieved.

Mark's Ops Report

Mark – What I would like to tell everybody, is that Kau'ila was our point person on the ground. Pele channeled this to him personally. KOS also came personally and told us all to keep this confidential. That each of our parts were already known to us, at the inner level. [Our parts] would be revealed at the appropriate time in this.

So all of us were totally acting in faith and trust. In each other, KOS, Pele, Mother Sekhmet and the Galactics. It's different when you know that each of us has our parts, but we only know that much of the jigsaw puzzle. It all comes out in spontaneity beyond our wildest dreams.

So, with that in mind, thanks to Kau'ila who gave you all the preparation he did, primarily all alone, over a four day period.

Following notes are short, and pertain only to the night of operations. [This happened] during and after Ashtar-on-the-road, where we joined in a meditation and this happened:

During the Ashtar-on-the-Road meditation last night [July 14, 2009] I felt someone feeling and manipulating my hand. I was over-lighted by Metatron and found myself doing some mudra movements. [I was] flipping triangles to form alternate up-facing and down-facing overlaps that created energetic merkabas of 6 pointed stars. These became 12 pointed Ascension Holons and then 20 pointed ones. They went on up in harmonic waves. This got more elaborate and emotional as it progressed and I could not hold back the tears.

Metatron asked me to go interdimensional into the holographic universal matrix. Where I am in two places at the same time, and nowhere, while anchored to Mother Earth. I called in all the twin flames, of all souls on this planet. It went up to the ascended masters and so on, inviting further and higher realms into this expanding universal matrix. This just kept happening up until the 100th dimension.

You really cannot describe the condition of love coming in from these indescribable realms. Soon they just manifested as high beings, respective to each of [these beings], along with the galactic ships leading to South Point. [This ended] up as a lighted beam, just like daylight flooding, being coherent. Boosted from the Great Central Sun and beyond.

We were in tears because the joy simply overflowed.

I began to perceive the overlighting 'assistance' and suspected that I was being prepared for the Special Twin Flame/"New Original Lemurian Blueprint" anchoring on South Point, Hawaii with Kau'ila on-site. Beth and Mark joining him out-of-body. We were augmented by Pele & she was joined by Madame X to open and clear the undersea portion of the portal-vortex in the Big Island of Hawaii, South Point area.

Ashtar spoke of A-Team activities and had a special guest: Mab. Known to us as the Queen of the Fairies and Elementals...who spoke of the invitation from us to them and them to us to begin to interact on Terra Nova, once again. So we had been working with this elemental as well as Susan from Ashtar-on-the-road so there was some synchronicity, because we are all part of a huge process here.

Metatron's overlighting took me interdimensionally, out into the Master Matrix of this super universe. I called to all the twin flames of ascended masters and higher realms and kept expanding the call up through the dimensions to the 100th Dimension. I was blown away as the higher aspects kept extending and expanding the connection all the way up and even beyond this universe.

Metatron took me by hand as I entered back into my conscious mind .

Then their responses started flowing down through the conduits we established until they combined in a joint light-beam focused upon South Point.

[Mark Reading Madame X's report]

Dear All:

Last night at 9.33 pm our time, I saw myself talking to Kau'ila in Hawaii. He was early and we had to wait for all of you. Meanwhile we were talking. I was complaining how sick I was because of the flu I had been experiencing. I felt the energy of Pele, she reminded me of Lemanja in Brazil. She welcomed me and wrapped me with her light. my cough and symptoms stopped.

All of you arrive, plus 2 arrived who I don't know. We were told to go underwater, to be in the base of the volcano. I used my energy to open doors, so we could walk easily underwater. I was amazed how beautiful the ocean is; it was so green down there.

We got to the base of the volcano. In order to open up a portal there we had to be around it. So we were like in a huge circle moving the energy. Energy that was built up from different ancient times. It had to be released through the same volcano. So we were lifted over the volcano. We used a solar disc as a platform to go up. It spun very fast and moved in a spiral. When we were high above the volcano, the platform became a ring; it felt like we were all skydiving. We held the space for that energy to go up into the cosmos.

After that was done and sealed. We went down again to activate all the ancient Lemurian codes left in that ancient area. I saw an island emerging. This movement could create some huge waves in the Pacific as a result of some earthquakes, when you have mass energy released. But they will be controlled by the Wingmaker ships.

I was called back into the Ashtar ship and left. I talked to Commander Ashtar and Master Hilarion. They gave me more orders.
It was a great op and I really loved the energy we all create together.

Madame X.

[Beth Reading her own report]

Mark and I joined Kau'ila out-of-body at South Point, Hawaii.

We see Kau'ila there and we all hug. As I look around I see South Point, the land is lush and verdant, there are no buildings, a large field is before us. There are cliffs which fall off into the sea. The point is surrounded by sea.

Kau'ila invites us to sit down to bless the land and the sea. He pulls out his guitar and, for a benediction, sings **Aloha 'Oe**: [link to audio of Kau'ila singing "Aloha 'Oe": <http://tinyurl.com/mpk9k9>]

To call in the Twin Flame Heart, Kau'ila sings us **Kamalani** [link to Kau'ila singing "Kamalani": <http://tinyurl.com/mzkjrv>]

Because this was the beginning of the reuniting of all the Twin Flames, we wanted a special song to communicate the importance of this long planned reunion. Since this is deeply connected with the Lemurian blueprint Mark asked Kau'ila to close out the Op by singing the... Hawaiian Wedding Song.

Mark and I begin to dance to this song. The atmosphere is magical. Kau'ila joins us and we sway and dance. The sky is filled with cloud craft, swaying with us.

Mab, Queen of the Faeries, joins us next. Magically, through the field, tiki lights are lit. Now she takes over the music. Those from all the magical realms join in the music and the dance. It is time for celebration. We see faeries, elves, a unicorn walks by. All sorts of magical folk, a leprechaun, mermaid and merman, paschats and children, dance together.

I see Pegasus take flight, a hippogriff and a griffin fly by with smiles. Isis and Portia. Everyone dances with the music. I see Metatron over the sea. I see out on the sea the three-fold flame. This is Mother Earth's Twin Flame Heart. I see Vywamus place a regal Queen's Robe on Mother Gaia's shoulders. Mother Gaia places a King's Robe over the shoulders of Vywamus. They kiss and they hug a long hug. They are overjoyed at the return of the Twin Flame Heart, to the Earth and to all living on the Earth.

Metatron, the Master of Ceremonies, is tall and stands over the sea. We will activate the earth matrix grids, in the Hawaii area. I see the Lemurian Solar Disc and the Atlantean Solar Disc. There is a light energy circulating between the two. We will tonight, open this Lemurian Portal by South Point, Hawaii.

In order to contain the Earth's Flame Heart, Metatron places it in a double tetrahedron. This is a three sided pyramid joined on one face with another three sided pyramid. These tetrahedrons are platinum pink. We join to light the Earth matrix grid.

Metatron starts at Banff, Canada and lights the matrix over Earth down North America. Down South America. Out to Hawaii and over the Pacific Isles, through New Zealand, Australia, over Africa and Europe and back to Hawaii. As the Earth matrix grid shone light, its activation from the Lemurian Solar Disk, to the Atlantean Solar Disk, and back. The double tetrahedron was being lowered into place by Metatron.

As the final grid was lit, the double tetrahedron holding Earth's three-fold Twin Flame Heart, was lowered into the grid and opened the Lemurian Portal. One of the pyramids was submerged below the water. It blesses all land below the water. One of the pyramids is above the water. It blesses the land above the water. It is like a buoy. It floats here in the Sea activating the Earth matrix grid.

I see the cloud craft merge into one long, cigar shaped craft. It lands at the grass field where the celebration continues. A ramp comes down and all the Twin Flames of those on Earth disembark. As they walk down to Earth, I see the flames in each heart ignite. Light shoots out from their heart, merging with all the other Twin Flames. The light

energy floods Earth with love. They join in light body with their Twin Flames here on Earth. There is hugging and dancing and ecstatic orgasmic joy in the reunions. The party continues all night.

Ashtar, Mother Sekhmet, KOS, Rama [on duty], Terrence, look down from the New Jerusalem. All have hearts over-filled with love for the harmonic concordance of sound and light as the balanced God/Goddess is restored to Earth. The last phase of this will permanently embed on 7/21. Corresponding with activations of telepathic and teleportation potentials.

Because this was the beginning of the reuniting of all the Twin Flames, we wanted a special song to communicate the importance of this long planned reunion. Since this is deeply connected with the Lemurian blueprint Mark asked Kau'ila to close out the Op by singing the Hawaiian Wedding Song: [link to Kau'ila singing the "Hawaiian Wedding Song" I was only able to find a sample of the song: <http://tinyurl.com/mlwygd>]

*This is the moment
I've waited for
I can hear my heart singing
Soon bells will be ringing*

*This is the moment
Of sweet Aloha
I will love you longer than forever
Promise me that you will leave me never*

*Here and now dear,
All my love,
I vow dear
Promise me that you will leave me never
I will love you longer than forever*

*Now that we are one
Clouds won't hide the sun
Blue skies of Hawaii smile
On this, our wedding day
I do love you with all my heart*

Messages from KOS, Admiral Sanada, and Lady Mary Magdalene

Mark – Thank you very much Kau'ila. That was beautiful. You see they remembered [the first step] the parting, as in Halema'uma'u. Then the second step they anticipated the return and in the final one they have returned to the Earth. This was not symbolic, because we saw it and we experienced it. It was the truth and everyone else on the Earth was there with their twin flames.

No matter who they were married to or not, they were all there. This completed and this we did on the site. Kau'ila was singing a song. Early in the morning, it vibrated so much with us and the energy of coming back together forever! Usually one is on the land and one on the ship. Very rarely are they [the twin flames] together.

[This] started on July 7th. Kau'ila was taken around, at that time during [the] op. As Pele's agent extended lava flows around the planet, just like arms encircling. That would be male embedding twin flame reunion, being the mid-point on July 14th. The final step comes in on July 21st as the Feminine Divine. The all powerful energy completing it. There are astrological signs to back it up.

Kau'ila – Message 1- KOS - Here we are again, speeded up again beyond the tipping point. The mid-point of the awakening period of transformation. Full moon lunar eclipse, the new moon solar eclipse. The ops, we have just completed, have opened the planet to heightened awareness of what was to come next.

Yes we say more of you will be changing out the old eye for the new, the old years for the new ones, the old senses for the new senses. These all are beyond anything you know. Some may see a presence in the sky, some may feel a presence and some may need to know the voice that says, 'KOS here!'.

We say be open and receptive; do not force the issue and try to make something happen. Your time has come and it is here. No one is left behind, because you are on schedule because it is your schedule right on. Now I can speak no more as the message continues with the Admiral.

From Admiral Sananda: Beloved ones I am there with you every step you go and I bless your desire to embody peace on earth. As you know light has invaded the planet. You can say how wonderful this is but this light of higher vibration requires sustaining harmony and it can embody the planet because you are that vibration. You have carried it within you for all time although the perception of separation and duality as the experiment you chose clouded the sky if you will. My point for today to all of you here [Kau'ila does not to write until he is ready]

From Sweet Mary Magdalene: Aloha! Greetings to all of you in Platinum pink flame of empowering love. You have turned a corner, only yesterday. Placing yourselves with largeness, with me in this heartness. Such peace, such stillness, such splendor. This gate you have entered, you know, your heart venture and embrace your heart flame with passion. Thought with mine, entwined with yours, as you be with me your eyes will see.

There are two more lines...

As you embrace the vibratory heart,

nourish all activities with the being.

From KOS: As one more note going out to all the beings, as you are growing now, releasing, growing, releasing, growing, releasing, growing, releasing. this is not as some say a never to finish process atleast in the planetary sense. Okay now you are getting it.

Not one of you will fall short and all will go up. We appear when your eyes are ready. Release all old concepts of what we are and what we should look like. We would appear to you, as you feel the rush of joyful, tearful heart motion. We are with you, you see us, as light for your soul. You see us as you are tuned, again we say we are with you now. And so it is!

Mark – I hope that all of you listened to that and will ponder it over the coming days, especially until the 21st. He was speaking to everyone in reach of this message: by voice, by print, or by any other means... energy. Just feeling it, he is speaking to you. He is saying it is time now, to complete this reunion. On the 21st, there will be a solar eclipse. This is the time when the planetary alignment and celestial alignment; the energetics of all that is going on, will continue. It will continue beyond that time.

All of this will co-conspire to raise and activate aspects of you. [That] which you have sent away, but were too weak to fully convince you of who you really are. Some people have the activations will increase your telepathic abilities. Even, in some cases, teleportation abilities by 1000 times over the ability right now. That is what I would like to leave you with. Thank you.
