

Mother Sekhmet Call - 8/20/09

(Transcription by Shirley Cull and edited by Noeline Clayfield)

Part 1 ROUNDTABLE:

LYNN: While I was checking my personal email this afternoon, I came across an article from the Associated Press that the CIA hired Blackwater to kill, well contracted Black Water to kill Al Qaeda. I just wondered if anybody had heard anything other than me on this?

MARIETTA: I did hear on the national news this evening, on would be NBC, they were also talking about Blackwater. Why did our government contract these kind of people and what they still had contracts for? It was coming out on the regular evening news here this evening so, yes I heard it. And who else has any comments or knows anymore about it?

DAVIS: I have just been keeping my eye on the sky a lot and I kind of noticed that there is really no chemtrails or at least none that I've noticed in my area in Erie, PA. And I kind of find that, you know, just not too weird, but kind of for the times we're in, you know, and the kinds of messages that we are receiving, just seems a little fitting. I just wanted to know if anybody else has anything like this or they are actually still are seeing chemtrails in the area. But other than that, the skies are clear over here so that's a good sign.

MARIETTA: Very good.

JOYCE: I have a comment to make about Blackwater being hired to kill Al Qaeda. CIA is Al Qaeda so they have been hired to kill themselves or what is going on. We've been told that a lot of times that the CIA hired Al Qaeda so that really didn't make any sense.

MARIETTA: Well who they are saying it's Al Qaeda. Yes, we know who it is, but they are making everybody else. I mean you know, they are putting the blame and putting the....saying that others.....

JOYCE: The reason I bring it up, if Blackwater is supposed to be killing Al Qaeda people when the CIA is Al Qaeda and CIA's hiring Blackwater to kill them.. I mean you know. And the media, I don't know whether they know that or not, but it's not a really a Nothing really is happening actually because they are not going to be killing themselves. They are not going to hire Blackwater to kill themselves because they are Al Qaeda. I'm not saying the whole CIA is Al Qaeda..

MARIETTA: That is the information that we are given, but you know the reality is that the CIA is saying it is someone else. And so even though we know who is creating it, that isn't what they are putting out. So it would be whoever it is. They are trying to say, you know, all these people who they have arrested who really don't have anything to do with it but they are just getting blamed for it.

DYANNA: Well why do you think we still have Al Qaeda then? If they were supposed to kill them does that make sense? They are not going to....I mean the whole truth is that they are all part of the whole Al Qaeda story. They go out there into the field and they hire people and program them and they become terrorists and that is Al Qaeda. And then they pretend they are going after them and why do you think we still have Al Qaeda going off all over the place?

JOYCE: Well that was my point.

DYANNA: I mean, well we have to use our heads here.

JOYCE: That is what I said. That's why they put it on the news.

DYANNA: The truth is, they are Al Qaeda. Blackwater supports Al Qaeda in the field. Why do you think they are doing that? To make sure the job gets done. You know, this is how dark it's gotten folks, and this is why we have to wake up.

DONNA: I would like to read this short thing that the lady talked about from Rumor Mill News because I think it goes right in with the arrests that they saying we are going to have. He says, Dear Colby, Short and sweet. Monday will be a bank holiday for only the 12 Federal Reserve Banks for a recess. The one-for-one exchange will begin Tuesday. One FRN for one new gold backed dollar. We'll have to wait until 12:31 for the exchange. We'll have until 12:31 for the exchange to be completed. For holders of large amounts of FRN, they will have to prove if they earned these notes legally. If not, no exchange. The crooks will end up with no money. Totally broke. Broke. Crooks crushed. They will need a public defender as they face charges of great magnitude. He says this info came to me from a confirmed source that I do not know personally. [End of memo] But that goes right in and you can bet those crooks will be tied in with 9/11 and the Sibel Edmonds' testimony so I think the curtain is up on the last act. I think we are very, very close.

MARIETTA: Alright, that sounds like good news. We'll just observe what happens, right?

DONNA: Right.

RAMA: I'll say there's a lot of rumors going on out there about packages and deliveries and everything else and it is absolutely misinformation. When it happens, it will happen and it is not until AFTER arrests and peace is declared. It is that key place.

TARA: And as of tonight listening to Rachel [Maddow] and Keith [Olbermann], it is absolutely correct as the lady earlier said that this is the last act and the information that's coming through exposing themselves right now is the amount of information we need to arrests them with public understanding in place.

RAMA: And what I have been hearing from Tom the Ring Tailed Cat. I spoke with him today through text message. And he told me that what is going on is that the GPO in exile have absolutely nothing, nothing, nothing to hold on to. And they are grasping at straws to try to create any sort of hate and shift information, misinformation about the truth and it goes to the extent like you were all discussing. Blackwater/CIA. This all goes back to 9/11. And Naomi Klein came on and PR'd this morning and she was saying that the events going on in Afghanistan are an absolute farce and it goes back to the fact that the war criminals need to be brought back before the people and dealt with and I....

TARA: And publicly indicted. As a matter of fact today, Keith Olbermann said (about Karl Rove), I'm so sorry that you haven't been publicly indicted yet. Let me apologize for not, you know, getting it done yet and I will be glad to let the people know that it is time for you to be publicly indicted.

RAMA: That's right. It's all hitting the fan right now. And what is being said is that this goes back to 9/11 and it is coming out right now with the fact that there have been so many different pieces that's coming forth and Jeremy Scahill was on Keith [Olbermann] tonight talking about Blackwater.

TARA: And he was on Amy [Goodman/Democracy Now] this morning talking about Blackwater and he's going to be on HBO Bill Maher's tomorrow night talking about Blackwater.

RAMA: That's right. And it is not going to stop until these folks.....we see it publicly and it is coming. It is that place right now. In fact, it's already taken place. Yet, as it filters down into this 3D level for Joe the Plumber and everyone else to get, it is moving at the level in which everybody can integrate and [inaudible] moving at the speed of light. And what I am being told by the KOS and everything, this is the moment now. This is the place. This is the time. New moon in Leo and it is unfolding in a very awesome way and we got to love them even more because it is intense... so hot in the kitchen. Where people are acting out of sync and I think it's unconscionable that people show up at town hall meetings with guns. Why do you have to have a gun at a town hall meeting to talk about health care?

TARA: A fully loaded gun.

RAMA: Automatic weapons.

TARA: If you wanted to declare something politically, well you can have the gun unloaded and that can be a political statement, but that's not what they are doing.

RAMA: No. This is about hit squads and everything else that has to do with Blackwater. And I'll just say that Mother is here with four on the floor along with everything else unfolding. It is at the place in which we have to love each experience so deeply that as if we were doing it. Do that Ho'ponopono and it is bringing it forth right now.

KENNY: I would like to know about President Obama's looking like he's only been, he's supposedly been trained for a thousand years and his health care deal, he's not looking like he really knows what's going on. Is that just a ploy just to get more of the people, the bad people out in the scene or is it just that he don't know what's going on right now?

TARA: Oh no. He knows everything that's going on right now. First of all, it is not his position to get these guys arrests. It is Lady Master Nada's position to do that. She is the head of and in the hands of the republic and she takes care of the criminal indictments. Because the criminal indictments should have been made by our Supreme Court Justices and they are all criminals themselves. And remember Patrick Fitzgerald takes his orders from Lady Master Nada not from President Obama. And President Obama appears still as if he is less than strong on these things. That's not the point remember? He is a double agent and all the way until the very end, he is controlled as a double agent by those who appear to think they still have the controlling leverage, which is Hillary when you want to get down to it. It all boils down to Hillary. She is in the triumvirate relationship as co-partner with Bush Jr. and Sr. And that process is breaking down as rapidly as can be for all the things that she is responsible for. And think very carefully every time that Barack Obama

and I'll give you an example, like he is escalating the Afghani thing. He is not doing that. Hillary is. And remember that word Al Qaeda. All CIA Duh. Remember we had that little colloquialism years ago. And the CIA Duh person that is getting that job pushed into place is Hillary as a double agent covert status CIA and Mossad agent. So this is where we see the whole thing get uncovered and Barack Obama is specifically saying unless we do something, then the same Al Qaeda is going to do something in this country. What he is saying, unless we do something about Hillary, then Hillary's is going to make something happen in this country which has already been aborted. But he can't say it that way. So what he is doing, is letting these folks be described in his own words as those behind Al Qaeda... those behind having to escalate the Afghani War... those behind doing a coup d'etat in Honduras. These are all Hillary Dillary Dock's stuff.

Same thing with uh... very interesting that Governor Bill Richardson interviewed on his own home earth in San Jose... at his own home. The Koreans! I mean it has never been done in history before. And now the deal is, is that when he was the head of the Department of Energy, when he was the head of, what was the other thing he was the head of? The U.N. Ambassador from the United States to the U.N. He set it up. He participated with the conspiracy of surveilling the United Nations and he worked exactly like that behind the scenes with Collin Powell and Azzai and he is now interviewing the Koreans? Who is he doing that bidding for? He is doing it for Hillary. So Barack Obama - never ever underestimate what Barack Obama is doing. He is doing a job and a half. And again, he said push me. So on Keith [Olbermann] tonight, I forgot his name, but...

RAMA: John Bean.

TARA: Yeah, John Bean was saying it too. Not John Bean, the one right before him. He was describing the idea that we've got a belt around our waist in the health care thing. And then we've got the, the plan of....

KENNY: Suspenders.

TARA: Well it's not single payer, but the government plan to have Medicaid for people who can't afford, as a way to check and balance the insurance companies. And he called that the suspenders. And then he said something very funny after that. He said while Barack Obama is talking about belts and suspenders, he's standing up there talking about it in his boxer shorts. I thought that was pretty funny. Yet what he is saying is that, the thing is, he's got his pants off and he is representing the pants lady. Hillary's pants off because that is how he does it. He does what he appears to be doing as a foot soldier for Hillary. At the same time, if you listen very carefully, he is telling you the truth. I hope that was clear enough for you to understand.

KENNY: Yes. You are very good Tara, thank you.

CHARLES: Does the release of the alleged person with the Lockerbie Airline explosion, does their release indicate that possibly it was done because things are pretty much coming to the end and they released him merely because they know he was not the perpetrator?

RAMA: I will say that what happened with that is, that Scotland in fact was not very happy to see him go back to Libya. Yet he has a terminal illness [Abdelbaset Ali Mohamed al Megrahi] and he was sent back to Libya in a sense to go ahead and die. And the United States and Scotland wanted to continue holding him, yet the issue at hand that you bring up Charles, it is over. And you know, there is that gray area if you will. And in that gray area, things are getting done in a way in which it is unlawful to hold enemy combatants where you have nothing on them except hearsay. And that is what has been going on since the morning of 9/11 against the Arab people - hearsay. And they have nothing to hold onto except ghosts. This is what Paul Rieckhoff talks about in his book and it's a real incredible book. This guy bought the lies and he went to Iraq after 9/11 and he woke up over there. And Paul Rieckhoff is the Head of the IAVA [Iraq and Afghanistan Veterans of America]. The Iraq and Afghanistan veterans against the war. He is telling the truth like everybody - 9/11 inside job. They had nothing else to go on except blame it on those folks over there. So we better go get them over there before they come here. This is all the lies.

TARA: Now I'm going to just say because this is really important. Amy has been.... Remember two weeks ago Saturday. Barack Obama was on the 8-8-8 Lion's Gate. We were sitting listening to Swami Purna in the Poconos. The KOS and all the White Knights were listening and then the KOS left a text message on Rama's phone and said Barack Obama pulled the plug. And that the Gag Order was then the next discussed, or the next Sunday, that's right, it was the following Sunday, that it had been lifted. Now we've got Monday, Tuesday, Wednesday, Thursday and Amy has been talking about Afghan massacre, convoy of death every single day.

RAMA: That's right.

TARA: And the specifics are, I guess it was today, they had the elections in Afghanistan and that General Baston who had his [inaudible] the Afghan massacre along with our military was coupled up with [Hamid]

Karzai [Afghanistan President] going around previously, the 2 weeks previously, conjuring up votes in Afghanistan to get Karzai in and this morning Amy's talking about. Yeah, they've conjured up votes alright. The men in Afghanistan went ahead and registered their women and then voted for them. The men voted in accordance with our all CIA Duh routine going on in Afghanistan with Hillary and Baston and Karzai. So the underpinnings of the Black Operations are just being shredded when you listen and you understand what Amy [Goodman] is bringing forward and then she pulls Jeremy Scahill up. And Jeremy Scahill is relentless. He is everywhere.

ALEXANDRIA: I have received probably 2 or 3 different emails from various sources indicating that the banking holiday, I should say, more like the commercial banks closing is apparently going to begin August 24th on. And I wanted to know if you have heard any of those same types of rumors and what you think about that. Apparently these came from sources of people who overheard conversations within the banks, from FEMA officials, from cops, and people like that who are preparing for riots.

RAMA: I will say that on the level on which I heard this from Bernie Sanders and from Thom Hartmann. I haven't heard them lately. Yet what I can say is, is that the fact that they are speaking about a Banking Holiday means that we are going to have to in a sense, like what like Thom Hartmann said. Close the banks, maybe for a week, maybe for two weeks, and restructure everything and as the banks reopen, they will be on Treasury bills. And I mean I have gone to the extent of asking Tom Hartman as of late, when they would reopen? Would they be using rainbow money as opposed to Federal Reserve Notes or anything else or the real Treasury money? What Thom Hartmann told me at the time, was it would be Treasury money backed by gold. That is as much as I'm at liberty to say.

TARA: Well, we have another report though and it's not like you are at liberty not to say anything else. Because remember Paul Andrew Mitchell discussed it at length. He had about 75 pages out there. On March 31st [2009] at midnight, the Federal Reserve and the IRS and the Corporate, the Federal Corporate State were dissolved by the Declaration of Insolvency. And it took him 19 years of federal court cases since 1991 to accomplish that.

RAMA: And a lot of people want to dispute that, yet it is a fact.

TARA: It's not disputable. The Declaration of Insolvency is undisputable. It is done by the rule of law. And he explained that we have, the bills are different colors. And remember in February, people were calling us and hey my Mom got a hundred dollar bill and it was teal green and it said U.S. note at the top and then it had a stamp on it that was in red and it said U.S. Treasury bill. And he explained what a U.S. note was. He said a U.S. note represents the new money and it is the one that replaces the old money and the enactment of the law that's already law. He stated that too, he didn't call it anything. Yet the enactment with the law that goes with those U.S. notes is called NESARA as we know. And he referred to the enactment of that law which is the fact is, that the law came to be law when Bill Clinton signed the NESARA Bill into law on October 10th of 2000. Yet the enactment portion requires a few extra things to be done. And Paul Andrew Mitchell actually explained that. He said, you have to have the gold backing these U.S. notes which means that the gold would have to be here in the United States. And we knew and everybody who read our reports knew and everybody who was paying attention to the White Knight Reports that even Christopher Story knew. That Bush Jr. and Paulson did not make Basil 2 compliance on the 30th of September of last year. And so the KOS made it for them on the 1st of October and as a result, he representing NESARA law and he also being the acting President of the United States, had the authority to literally do that Basil 2 compliance and then for the entire month of October, the KOS and the White Knights at the 38th level, oversaw and monitored the movement of all the gold stashed all over the world by the Cabal being moved through the International Bank of Settlements. And the International Bank of Settlements was reported on by Chris Story that everything was bankrupt and that they actually collaborated with the movement. And someone in our group actually knew the gentleman who was working with the International Bank of Settlements and the White Knight operation of moving all that gold into the United States. And remember the figure is 40 zeroes behind that amount of gold and it's in the country in an undisclosed location. And that gold is there.

RAMA: And St. Germain is the one who has the final say so. Dotted I's and Crossed T's on how it gets to you and me.

TARA: And that has already been completely described. And it was described on the 29th of January, 2003. [lost Tara - no sound for a period of time]... clone or a hologram of all the trustees of the Rothchilds kind. They were all permanently removed and there were White Knight signing Trustees that signed. What did they sign? They signed over all of that gold to the people in every country in the world again. And the World Trust signature was placed there on the 29th of January by St. Germain and not by any of these other Rothchild folks. And so all the protocols have been made. Now just because that was signed on the 29th in 2003 and I can still remember how many people were just jumping all over the place screaming. Well, if it's signed and

it's in St. Germain's hands, then why can't they announce it then? Because you can't do announcements just because the John Henry is there. It still has to be done by the White Knight people, the whistleblowers, and the folks who are the grass roots people who are not under a gag order. And that means you and me. And we are not going to be deprived of the part that we play. And that is what St. Germain said. He said it when he appeared as an unknown figure to the signees of the Declaration of Independence. Be quiet and sign it and I will see to it that the fullness of this intention that you all have will be followed up by me and the people of your, you know, your posterity. In other words, I will show up and he did. He came in the 30s and he said to Momma and Daddy Ballard, I'm going to bring you the ability to transcribe and take messages, not just from me, but from the entire ascended host. So those I AM sanctuary, Germain green pressed St. Germain books that are inside the authority of the Theosophical Society founded by Madame Blavasky. Those are the teachings that he brought to help wake up the people. And those are the decrees that the people literally saved us from Hitler getting the Arc of the Covenant in his hands, which is a nuclear device which can be used for good or evil. And the one that got it out of the hands of Hitler was Ramal. And Ramal was another lifetime of the one, the prophet that we talk of - Yeshua. In other words, he came in and became the right arm of Hitler and he did the one thing that only he could do which was to go and find the Arc of the Covenant which he did find in the Sinai Peninsula which was this device and he gave it back to Ashtar, and Ashtar took it out of this planetary third dimensional realm, and from that point on, Ashtar intervened in our civilization's development, big time, and that where the teachings of the Ascended Master Jesus the Christ that are in those German books. It is a whole different teaching than the way the interpretations went with those Biblical codes not interpreted properly by the Black Pope operation of the Church.

MARIETTA: Mark, we would like to invite you to come in. And maybe one of the first things you can do is tell people how they can find your information and make sure that we get this out there. So tell us a little bit about what is going on in all the operations and what you think. I know that Sananda is present with us here all the time now and not sleeping. It seems like there is a download going on all the time so tell us what is happening in your world.

[Mark experiencing technical difficulties - Kauila & Beth filling in]

KAUILA: Well, first all of us, 4 or 5 of us, in conjunction with and in cooperation in harmony with everyone who has been holding space for these operations all around the world. Everyone on this call in their own way is doing that. There were several parts of this. Madame X was in Colorado Rockies doing her work up there, her part physically up there. And there was a wonderful lady named Lolo who is in Peru and she went up to Machu Picchu to do her connecting up there. Their parts of it were quite an involved piece so it is always nice to have Mark to kind of tie all the things in together. I know what we had going was, first of all, in Kauai. We were at several places where we went. And when I say we, I mean myself and everyone else who was in spirit with us. But we started in, not really knowing where we were going to go, but we went there on the 14th of August (Friday). Then we were kind of guided around the islands. First, there were 4 pieces (2 pieces of lava and a piece of coral and also a piece of a shell that was a purple heart shaped shell) that were to be planted in Kauai. So the first 2 were placed. The first piece of lava was placed at Waimea Canyon Lookout on the 15th early in the morning just before sunrise. And as the sun came up, this activated a key at sunrise that opened up a lot of energy coming through that Waimea Canyon Valley. It is a big valley. And by the way, just to let you know, I've put a couple of postings up on the Mark Huber GRT Yahoo group and there is links to all of the videos. Just click that link and it will take you to a whole long list of videos from all the operations. And the ones for this part of it are mainly on pages 2 and 3. So you can take a look at those at your leisure and they are very, very..... The energies where we went were astounding. So this piece of lava in the first part was placed there and then that started the process. After that, we drove to Kalalau Valley for a look there and then came back to a place called Kekaha Beach which is on the west side of Kauai. And the other piece of lava was placed underwater and so that started the whole process. It opened up a whole process where energy could go all around Kauai in a counterclockwise direction. And then after that, we drove to, for the following night, slept out at the very northern tip of Kauai and placed the coral piece that looked exactly like Kauai, the same colors as Kauai which we found on Oahu last month. So this created a strong connection with Kauai and Oahu. This whole process as it turned out, we were seeing great energy clearing, cleansing energy coming from the middle of Kauai which is this Waimea Canyon Overlook coming all the way down. And then from the small purple piece that was also placed up there, there was a spiral golden energy going counterclockwise. All these pieces connected and they brought this new energy, a clearing, and this golden energy all around the island of Kauai. And they have been clearing out all of Kauai and also all of Oahu and then going also through to Peru, connecting to Machu Picchu in Peru. There is quite a number of aspects. I did want to point out. I heard Dyanna talking about the prayer that there was about the rabbit and the fox (the tricksters). One of the things I noticed coming back from the trip. I left on the 17th (Monday). And I came back first to Oahu and then a giant golden sun was placed in the middle of the Honolulu Airport and this is expanding all throughout the world and it's clearing the way for completely harmonious transportation methods among other things. But

what I saw coming back to the mountains was on Maui, particularly after the call. I saw that Maui was there, back on Maui. And Maui is a Hawaiian spirit that's like a trickster, a jokester. The message I got was that Maui has come back to play and he's bringing the sun back to Maui. Maui is famous for pulling the sun, flowing the sun down, so the sun would stay a little bit longer. And I just want to read a short piece. As a trickster, Maui reminds us that heroes often become heroes to play. Playing is not just an activity that fills spirit time or diverts boredom. Play is essential for the development of excellence and creativity. Play allows us to burst the constraints of institutions and moments of passion. Hawaiians have a whole season Baheki? devoted to play, whether the play takes the form of dances, drama, music, sport or games. Play has the power to restore the balance between the soul bending drudgery of every day life which is not here anymore, and the spontaneous recreation and the celebration of life. Maui is a trickster. He reminds us not to take ourselves too seriously. And so that message, be light and being light with our selves as we go through what seems like difficult times and they're really not. That particular message really lit up as I was coming back. So this is all a part of the operations and it was one of the results of the operation.

BETH: I wanted to share with everyone that today Mark and I wanted to find out more about what the September 9th of 09. What does that mean? What is the meaning of it? We asked for a meeting with Soltec and we went and spoke with him and he brought a message to share with everybody tonight. And I will read that now please.

Meeting with Soltec on the Phoenix: 9/9/09 Earth Portal

On 9/9/09 opens a portal of energy to Earth which has not been available before.

This portal opens a passageway for higher energies coming from other Super Universes on the Omniversal Realms. This is going to affect the Planetary Grid as well as the Universal Grid. This is a stepped increment up from what we have been able to do before. These new portal openings will continue for the next few years.

Now that Earth Grid is connected back to Source, this is the next step. What is happening is, there still are changes happening in the land masses and sea floors as a result of these changes. We have several hurricanes at once in our oceans today as well as recent earthquakes. The new energy grid is adjusting the entire firmament on and in Earth. This is shifting long standing portals, moving them to their origin place. Land masses are reforming to be in alignment with these changes. Sea floors are shifting to accommodate the pressure of the changes.

No way can the Earth be experiencing this many changes without it being felt and experienced by everyone on the Earth. Similar like changes are happening in our lives. The firmament is the foundation our lives are built on. Anything from the 'old timeline' is being cast off.. People are leaving jobs, moving to new homes, losing money, and in these processes having major attitude adjustments. Changes are happening so swiftly there is no time to talk about it, ponder it, and sometimes, no time to think about it. There is an urgent feeling these actions must be taken now. Together, with Earth, we are rearranging our selves to accommodate Mission Upgrades.

As soon as NESARA is announced, and new technology is available, all the struggle of living is erased. Very quickly, how we spend our days on Earth will change, overnight!

It is imperative to stop following the old way of watching and waiting for something to happen.

Those working with the Ashtar Command are invited to be awake and aware to what action is necessary to take in their lives to prepare for their individual Mission Upgrades. This is Now! 9/9/09 means Completion on all 3 levels; physical, mental and spiritual. Also, it means Completion for Earth Humans, Completion for Earth and all the Kingdoms and Realms on her, and Universal Completion of this most recent phase. This is a Phase Completion. This is the end of duality. We are reunited as One. This is the time when Unity and Love govern our actions. This is a time when we may reset how we govern the world, we govern through world peace. We accomplish this by coming together as a global community united as One Race. We take action steps which make it possible for all who desire it, to have pure water, abundant food, sovereignty, balanced health and peace through infinite love.

How do we go from there from here?

Once we have mass landings, it will be the highest outcome possible, if many of you, awake and aware understand your Mission BEFORE First Contact. It would be optimal for each one to be as clear as is possible. It is no longer possible to continue this path without taking personal responsibility for the Inner Planes work needed to prepare to be Leaders immediately following First Contact. Receiving individual inner Guidance is part of this journey. It is time for the Jedi Warriors to get into training and learn to Use the Force.

There are many ways to go about this, and every one of you has the ability to receive Guidance on how to

accomplish this important piece in the Highest way possible. As you go inside to where there is stillness, you will begin to feel exciting about doing one thing more than anything else. That is a clue. Spiritual Service is the reason you are on Earth now. It is a requirement. It simply means you reach out to others and share your talent without expecting anything in return. No one will tell you the actions to take. Take the actions which bring you the most joy. If you are experiencing joy, those around you will also. As the joy factor increase, more love is available, coming through Source and spreading to everything. Joy is the generator which powers Love. Increasing our Love Quotient, in balance with our Light Quotient is the prime factor in Ascension, individual and planetary as well as universal, omniversal and cosmic.

In the days to come, leading up to 9/9/09, take a day or two in contemplation of those things in your life which no longer serve you. Look around every aspect of your life and excise any and all excess. Give away, toss away, clear out, clean out all the old, dysfunctional things in your physical, emotional, mental and spiritual bodies. As challenges come up, these next 20 days, be in Gratitude. You are Being Prepared for Your Mission Upgrade! While working on clearing out, now turn your attention to your Spiritual Service. What is it you do for others, sharing your talents, which makes your life filled with joy? Are you lacking joy? What action gives you the Highest Joy? What steps must you take to Be In More Joy? Do IT!!! You have 20 days. Explore this idea of being in more joy, digest it, take action. Be One of the Prepared Ones! Have your thoughts in alignment with your actions and be completely in joy. An moment you are not feeling joy, change what you are doing and allow joy. Ask and Allow. Stay with this feeling until you discover what must be done next to return to joy. Consider the Spiritual Service you are doing now and contemplate a Bigger Dream. These are the thoughts, feelings and ideas you will draw on in the days after First Contact, as you decide how to integrate your Mission Upgrade. EVERYONE WILL BE receiving a MISSION UPGRADE!

On 9/9/09 join together with those of like mind and meditate. Take this day of completion to be in gratitude for all the changes that have come which have connected Earth to Source Energy and the returned us all back to love. When you do this meditation, acknowledge this completion day and the Earth Portal opening to Higher Omniversal Realms. Congratulate yourself for the wonderful things you have accomplished. Congratulate yourselves together for the New Earth Plan and the Unity of all as One Race, the Human Race.

As you meditate today, ask Guidance to release to you the best and highest information possible regarding your own personal Mission Upgrade. Take this information into your heart and allow the information. This more than likely will be Guidance you have never received before. Ask and allow these new Missions to float into your heart, embrace them, and know, You Are Ready! This is why you came to Earth now. Rejoice in the New Plan for your life. Clear, Bless, Ask, Allow and Receive. This is the meaning of 9/9/09.

Blessings Each and All ~ Soltec.

BETH: I would like to share with everyone. Mark and I were in meditation and we had a visit that we made. We were invited. Ashtar instructed that we had been invited by the Lord Most High Governor's Council to come. And they wanted to explain more to us about how that works and how that works in tandem with Ashtar Command. And we would like to share this with you tonight. When we did this, we were traveling to the 44th dimension and we're hoping that we can talk more about this meeting with Mother Sekhmet tonight. I'm reading the experience to you now.

Mark and Beth, with their Twin Flames, together:

We arrive at the 44th Dimension. We arrive in a round room. It is a dome room with a pointed top. There are chairs along the wall facing out. They are very elaborate chairs with scroll work. The walls and ceiling are white and the chairs are white. Our clothes are white. This is a significant detail because the statement is this is a archetype representation. We are actually visiting a place of formless form.

We have invited you here tonight to tell you more about us. We are the Lord Most High Governors Council. There are 15 Members of Our Council. We are appointed by those from the Universal Guardians. Our Council Members, after accepting appointment, agree to serve a minimum of 100,000 Earth Years. Serving on the Council is considered what you would call a 'part time job'. We are able to serve on the Council, while at the same time 'living productive lives' elsewhere. Some may serve on more than one Council at a time.

We are the Silent Watcher. We are a sentient database. We are what the Ashtar Federation uses to sync their computers to. Everything that happens in this Universe goes into our database. We have liquid crystal databanks. Any detail down to the sub-quantum level is detected, recorded and saved. This is done with light and sound frequency through liquid crystal storage capability. By being the Silent Watcher, we use the information to determine potential probability and possibilities. Nothing is set in stone. Every action and deed is fluid. As each new bit of data is analyzed and recorded, evolution of co-creation occurs.

Our Council, The Lord Most High Governors Council, have meetings at regular intervals... We are a collective

in formless form. We are a Group Consciousness. We review the data and recalibrate conditions on Earth according to what has happened and how that affects the next potential possibility. We come together in meetings to decide the Highest possible outcome related to the configuration of all the bits of data. We are operating from a place out of time. We work by seeing the collective whole and adjusting things to match the level coming in. It does make a difference when actions are based in love. That is palpable here. It does make a difference when there is a light quotient of greater than 51%. That is how the Silent Watcher judges Free Will of the Individual and the Mass Consciousness. Every detail is recorded in the database. When there are prolonged feelings of love coming through many on Earth, at one time, it effects the recalibration of our computers.

Ashtar's fleet of ships, as well as those visiting from other places, make up over 300 trillion ships. This many ships in Earth's atmosphere, all at once, change the possible potentials now. This is a signal to us. They all would not be there simultaneously if not supported by us. Each of these trillions are as the trillion cells in the human body. Each one must be in harmony with the others or it will be extracted, either by choice or intention.

Ashtar works in coordination with the Intergalactic Federation as well as the ACIO and other groups. All of these groups base their actions on data they receive from the 15 Members of the Lord Most High Governors Council.

There are times, as in resetting the Hologram, and Timeline Consolidation where we are granted privilege to set into place permanent changes in our Universe. This means, as Earth Ascends, every thing, absolutely everything else in the Universe, also Ascends simultaneously. This is where the expression, 'send love and only love' comes from. The more love that is brought into through and around our bodies, the earth, and the grids connecting all, the more it will affect All That Is.

When decisions are being carried out on Earth it may affect very important elements in other areas in the Universe. What is happening on Earth is effecting far more than you understand.

The job of The Lord Most High Governors Council is to Counsel all who play roles as Lords. You have heard the expression, 'Lord Michael', 'Lord Arcturus', 'Lord Ashtar', 'Lord Buddha', there are many, many others. These are the Ascended Masters and Archangels which have obtained the status Lord. There are many, many levels above Lord. It is a delineation of the responsibility for that individual for their Spiritual Service at this now moment. Those in these roles, look to us for their Guidance. All who are on the Lord Most High Governors Council have already served hundreds of thousands of years at the level of Lord or Lady at some other place in time. We all are constantly moving, changing, and evolving into new roles.

There are protocols, directives, and instructions in place at every level to ensure each Soul is represented fairly and treated as they should be. There is no judgment here. It is a matter of allowing Free Will in every case and allowing all to move together in a rhythm requested by each person. The Silent Water role is to assure these protocols, directives, and instructions are enforced at all times. This is how co-creation and the Divine Law of Attraction work. Everything you think, feel, and do is monitored and recorded into the databanks. As time goes on, the data is analyzed. Those working from a low vibration attract and experience things from the low vibration, those working from a high vibration, attract and experience things from a high vibration. Fear is a low vibration. Love is a high vibration. Be mindful each now moment, what is allowed to be in your Being. Choose well.

As Ashtar and those working with him, sync into our database, for instructions on how to move forward, they have no control over the speed at which things happen. If you can see and understand how this works. This is what is meant by We Are One and We are All That Is and Every thought you have effects the Whole Universe and We are all gods and We are all Creators. Think about it. Act Accordingly. Blessings, Beloved Ones. ~The Lord Most High Governors Council.

MARK: I will just say that I am here and I've listened to the whole thing from the beginning and I'm very interested now in hearing what Mother Sekhmet has to offer, especially about now that we've introduced the 44th dimension. And the 22nd dimension which is actually just one octave below this as we understand it is the level of the Monad. And so we would like Mother, if she is willing to do that, to consider offering a perspective what is above the 44th dimension and how that will impact our future in our integrative process of returning to the Godhead. And with that, I would like to thank everyone for your patience. Fortunately, we did take a few precautions in case this happened and I thank you Beth and Kauila for filling in for tonight.

BETH: The Mark Huber website. Our Webmaster is daily updating these recordings, these transmissions to the Mark Huber website. And the address for that is www.grt-intel.com. We also have a Yahoo Group where we post all of these readings, messages, and other news items related to Faction 3 news and ascension and things related to that. And the address for that is MarkHuber_GRT_intel@yahoo.com. That group is

open to all to join. It is a read only group so we use it as a bulletin board to notify all of the incoming information. You do have to open an account with the group by providing your email address with Yahoo, but after that you are free to join the group. I just wanted to add and mention, there were some questions regarding the Twin Flame meditation we did on Tuesday night. Kauila has just returned from Kauai and is working into his schedule adding music to that meditation. That was a meditation we did to attune yourselves with your own Twin Flames to join them in meditation. And we will be putting that on my website and it will be available free for you to use as much as you like. It will be an MP3 with music, it's a guided meditation. And that is at www.cosmicascension.com. We are not sure at this moment when that will be available, but as soon as it is, we'll have it up. It has to go into production and have music added to it. So I thank everybody.

MARK: Beth, I would like to make one final comment. Because we've been getting things daily, we have just gotten and we are working out the logistics of it, but it appears that we are going to have a special 9-9-9 conference call either on this network or we're going to have it on Talkshoe. We'll work that out and Cynthia Susan will put out a notice to everyone to let them know. But right now, it appears that it is going to be on September 9th in Pogosa, Colorado. And there are reasons for that and there is special information that St. Germain has that has not been talked about before, and also Metatron because it has to be done. And another thing is, that he wants us ALL to please take to heart this next 20 days and to prepare for what they are going to tell us because everyone cannot wait until then. You need to get ready right now. [inaudible] So this can happen immediately and it will be forthcoming and we will be receiving directions. And with that, I believe that's the last of our announcements. Like I said, Cynthia Susan will put out a notice on our conference call and that will probably be our next conference call. The Mark Huber conference call that we would do so this will give you plenty of time to put on the Mark Huber intel website and also onto Yahoo groups' website. So thank you very much for your time.
